Constipation brings many ailments
in its train and is the primary cause
of much sickness. Keep your bowels
regular madam and you will escape
many of the ailments to which women
are subject. Constipation is a very
simple thing, but like many simple
things, it may lead to serious con-
sequences. Nature often needs a
little assistance and when Chamber-
lain's Tablets are given at the first
indication, much distress and suffer-
ing may be avoided. Sold by All
Dealers.

LAKE BAIKAL A BIG PUZZLE

Varied and Peculiar Animal Life
Found in Body of Water in
Central Asia.

The riddle of Lake Baikal, in central Asia, is similar to that of Lake Tanganyika, in central Africa. In both cases a large body of fresh water remote from the ocean contains organisms apparently marine. Both lakes, again, contain a very large number of species not found elsewhere. Lake Baikal contains numerous salmon and seals, as well as three species of herring. It also contains a few mollusca of apparently marine forms. One of the most remarkable features of the lake, perhaps, is that although it is frozen over for about five months in the year the animal life is extremely abundant and varied. This may be partly accounted for perhaps by the existence of hot springs.

One of the latest attempts to answer the riddle of Lake Baikal is that of the Russian investigator, M. Berg. Of the thirty-three species of fish found in the lake he finds that fourteen are peculiar to it, while nineteen have a wide distribution in Siberia and Europe. Many of these peculiar species are without near relations anywhere. Of the mollusca 90 per cent. are peculiar.

M. Berg does not think the facts demand the hypothesis that the lake was once marine. He believes that it has always been fresh and that the fauna peculiar to it has had a two-fold origin. A part has originated in the lake itself during the long ages of its existence, and the rest is a portion of the prehistoric fresh water fauna of Siberia which it has preserved.—Japan Advertiser.

QUEER BLUNDERS IN COURTS

French Judge Divorces Petitioner's
Lawyer—Similar Error Made by
Magistrate in England.

Some years ago, it is said, a legal blunder of a most extraordinary character was committed in one of the divorce courts in Paris. By some misapprehension on the part of the presiding judge, whose papers and mind had got confused, he actually mistook the name of an advocate who had been arguing a petition for the name of the petitioner himself, and in granting and signing the decree of dissolution of marriage of the petitioner unwittingly substituted the advocate's name for the petitioner's, and thus divorced the lawyer from his wife instead of granting the prayed-for release of the advocate's client. As the lawyer had no desire for separation from his wife, and as there was no process for annulling an absolute decree for divorce, even to meet such a remarkable case, it became necessary, through the judicial error, for the man of law to remarry his spouse without delay, and this he did.

A somewhat similar error was committed in the English Court of Chancery. There had been a litigation over some property, which was held by one man and claimed by another of the same name. In evading some order of the court the holder of the property had committed a contempt, and on this being called to the attention of the judge an order issued for the summoning, not of the guilty party, but of the claimant of the same surname, and the order, a very severe one, was actually in execution before the error was discovered.

The most popular Pianos ever offered to the American music loving public. Complete the home circle with a sweet-toned "CROWN" or "HOBART M. CABLE." These Pianos are strictly high-grade and the prices right. Call and examine them.

INTERESTED IN USE OF NEW MACHINES

MANY ELECTORS TRY VOTING
BY MODERN METHODS NOW
IN OPERATION IN SEVERAL COUNTIES

EASY TO LEARN HOW

Rochester Men Exhibit Empire Voting Machine Which Has Been
In Use In Fulton.

One of the interesting things of the election Friday was the exhibition at the court house of a voting machine. Messrs. T. N. Huffman and B. F. Fretz of Rochester had shipped to Plymouth one of the Empire Voting Machines, which is the same kind now in use in Fulton county. They took pains to show and explain the machine to everyone who would take time to look at it.

The method of voting was simple, requiring the turning of a key and the pulling of a lever. A mixed ticket may be voted easily.

Fulton county bought eleven machines two years ago and reduced the number of precincts from twenty-four to eleven. The cost of each election under the old plan of voting was \$2000. The new plan by machines will save over \$1000 each election.

Under the purchase contract with Fulton county the payments are to be made as the saving of money on the election occurs. This is an easy way to buy the machines as the county has no risk to run, nor money to spend over the ordinary outlay.

If Marshall county were to buy machines they could do so on the same basis. The cost is \$750 for each machine and the total would be \$11,250 for 15 machines.

The present thirty-three precinct would be cut to fifteen or perhaps fourteen, and the machines distributed about as follows: German 2, Bourbon 2, Tippecanoe 1, Walnut 1, Green 1, Union 1, West 1, Polk 1, North 1, Center 3 in Plymouth.

There is no proposition on now for the purchase of voting machines but it may be taken up at any time.

This Will Interest Mothers.
Mother Gray's Sweet Powders for Children relieve Feverishness, Headache, Bad Stomach, Teething Disorders, move and regulate the Bowels and destroy worms. They break up Colds in 24 hours. Used by mothers for 25 years. All Druggists, 25c. Sample FREE. Address: A. S. Olmsted, LeRoy, N. Y.

Has Scarlet Fever

HONOR DEPARTING PASTOR.

Presbyterian Brotherhood Hold Banquet and Have Public Program
For Rev. and Mrs. Pfug.

Rev. G. A. Pfug will leave for his new charge at Vandalia, Ill., on Saturday or possibly Friday afternoon. In his honor before he left the city the Presbyterian Brotherhood, of which he has been the head for five years, gave him a farewell banquet and public program last night.

The banquet was served by Mr. Clifton at the Star restaurant and was attended by about forty men and boys. The meal was a fine one and was followed by a few toasts, under the direction of Dr. T. A. Borton, who acted as master of ceremonies. Rev. Mr. Yager, O. S. Ellis, Ralph Leonard and S. E. Boys made short talks. Mr. Leonard presented for the Brotherhood a half dozen very fine silver spoons which Mr. Pfug received with some very grateful remarks.

At the church the announced program was carried out. The speeches were very good and appropriate and threw many bouquets at the departing pastor and his good wife. The music by the quartet and the solos were a delight to all. The church was filled to the doors by the many who came to do honor the man who has been pastor of the church and an influence in the city for good during the past eight years he has lived here.

How We Ate the Hay.

There are still some mighty eaters left. Not long ago a Berlin market porter undertook, for a wager, to put away at one sitting six mutton chops, 12 eggs, a goose, a duck, six pounds of potatoes and 22 pounds of hay. Difficulties were anticipated with the last course, and large sums were laid against the accomplishment of the feat. The ingenious porter solved the difficulty by calling for a cigarette after he had finished the duck. He then set light to the hay, pounded the ashes up with the potatoes, and swallowed the lot. After a heated discussion the referee declared him the winner.

WOULD ISSUE \$5,000 BOND FOR LIBRARY

C. A. REEVE PRESIDENT OF
BOARD MAKES PROPOSITION IN TALK BEFORE
CIVIC CLUB.

BUILDING TO BE GOOD

Interesting Meeting of Civic Club in Which Board Members Tell
About Work Done and
Plans Now On.

That the Library Board should issue bonds for \$5,000 and add that sum to the donation of Andrew Carnegie in order to make a \$15,000 library building, was the proposition of Mr. C. A. Reeve, president of the board, in a talk before the Civic club Tuesday night.

Mr. Reeve believes that a \$10,000 building will not be good enough for Plymouth and that future generations would regret that so small a building had been built, if the board stops at what they can build for that sum. This action would not increase the library tax a particle.

The entire evening of the club was taken up by a consideration of the library project, the following program having been arranged by members of the board:

Music—Mr. James H. Bishop.
Benefits of a Public Library—Mrs. Underwood.

The Building—Mr. Marks.
Vocal Solo—Mrs. Geo. H. Thayer.
Mr. Carnegie and Our Financial Standing—Mrs. Humrichouser.
Vocal solo—Rev. Mr. Ivins.

The Law and Our Financial Difficulties and Successes—Mr. Reeve.
Instrumental solo—Mr. Bishop.
Mrs. Underwood in a well prepared paper told of the many advantages of a free public library. It was the means of the general education and information of the public, she said, after they had gone out of school. A library is a necessity for every intelligent community. It will make better working men, broader and more intelligent business and professional men, as well as being a source of pleasure and profit for all the women of the city and surrounding country, and a public convenience for travelers going through our city.

Mr. Marks said that the board had not bought a lot yet, but had decided on the Cleveland lot, and were negotiating for it. They had chosen this lot because it was geographically located very nearly in the center of the city, was on a street much traveled and convenient for the pupils of the High School, because it was a central location for the business men and for the women as they were shopping, because of the fine shade trees already there, and the lot being already graded, and because it was just across from the city hall. When the city rebuild or enlarges the city hall, it is the expectation, he said, to heat both hall and library by one furnace, thus saving the cost of two heating plants and two janitors.

The cost of this lot will be \$4500. The heirs will make a donation of \$500, and the house and barn is worth about \$600 leaving the net cost of the lot to the board at \$3500 for a ground 114x126 feet.

On the first floor are to be the books and in the basement will be the furnace, some of the reports not so frequently used, and the rest room. A lecture room and other smaller rooms for the public use will be provided. The present lease on the building will not expire until August, so nothing much can be done before that time. The board expects, however, to have the walls of the library up before winter comes on.

Mrs. Humrichouser took up our financial condition and said that Mr. Carnegie has limited his donation to \$10,000, she believed because the financial showing of the city was so good for the population. Experience had shown that a library could not be supported on less than 10 per cent of its cost. There has been subscribed to the library \$2601 and of this \$936.60 has been paid in. She thought all the list was good, except about \$50 from people who had moved away.

In his talk Mr. Reeve said the lot bought was cheap. A smaller lot on LaPorte street only a block away had sold for \$8000. He said it was no pleasure to be on the library board, but an arduous duty.

The difficulties through which the board had come were great and there were still more to be met. Negotiations were on with the Center township advisory board and it was be-

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Dr. J. C. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

"A Welcome Chance to Those Who Suffer"

Coming to Plymouth, Indiana, On
Monday, April 10th, to Stay
at Hotel Ross House

Dr. Albert Milton Finch
of Indianapolis, Indiana.
Consultation and Examination
Confidential, Invited and
FREE

From a Late Snapshot

To see all of his regular Patients and such new Cases, as may wish to consult him. Dr. Finch enjoys a state wide reputation, among the profession and the Public of Indiana, where for more than Forty Years he has devoted his entire time to the Study, Treatment and Cure of Chronic Diseases. The Doctor has had wonderful success in his chosen work, that of curing chronic sufferers, Men, Women and Children. The Patients he has restored to Health after they had given up all hope of being Cured are numbered by the Thousands. He is a kind, generous, democratic gentleman to meet, of high scholarly attainments, and dignified personality. Coupled with a Fatherly interest, in all who seek his advice. He does not take a Patient for Treatment unless he can foresee a Cure of the Case. The most commendable feature of his work, and one that appeals to the ordinary sick person, is the fact of his charges being so reasonable and moderate as to make it within the reach of even the very poor. At no time do the charges amount to more than \$7.00 a month or about \$1.50 a week. He gives his own medicines, and there are no extra charges. It takes him never more than from four to six Months to Cure a Case under Treatment. All Cases, even those who have been given up as Incurable or Hopeless, have been Cured and restored to perfect health by this Brilliant Physician and the wonderful methods he employs.

If you want to meet him and have him examine you, go to see him, and talk the matter over with him. It will cost you nothing if he does not put you under treatment. If he takes your case, it will cost you a very small sum to get well.

Remember the Date and come early.
Note—The above mentioned charge of \$7.00 a month refers to the cost after the first month. The first month charge varies from \$12 to \$25 according to the case.

Schools Close.

The Public Schools closed Friday for a week's vacation. The schools will reopen April 10th. Many of the teachers will spend their vacation at their homes.

Lame Shoulder is nearly always due to rheumatism of the muscles, and quickly yields to the free application of Chamberlain's Liniment. For sale by All Dealers.

Moved to Warsaw.

James Beatty, foreman at the Monarch Iron Works, moved Thursday to Warsaw, where he has accepted a position as foreman in a Foundry. John Bahr is going later.

In cases of rheumatism relief from pain makes sleep and rest possible. This may be obtained by applying Chamberlain's Liniment. For sale by All Dealers.
